## Ball drop nyc video 2019

The Big Apple has the biggest New Year's Eve party, and you can join onlookers gathered in New York City from Times Square to ring out what everyone hopes will be a Happy New Year, a livestream video event included at the top of this article will bring you to the heart of the party with those who put it on the party itself - the Times Square Alliance. The event will be .m 6 p.m. New York time, and will continue until the drop to see at midnight on New Year's Day 2019.Full event schedule, Along with the lineup of musical performances, here are some interesting facts about Times Square and the annual New Year's Eve ball drop, which can be seen here on the Times Square Alliance website, all through the Times Square Alliance: the ball is 12 feet (3.6576 meters) in diameter and weighs 11,875 pounds (5386.4094 kg). The ball is covered with a total of 2,688 Waterford crystal triangles, between 43/4 inches and 53/4 inches long. For Times Square 2019, the 192 Waterford Crystal Triangle introduces a new gift of harmony design with a small roset cut flowing from each other in beautiful harmony. The triangle's two hundred and eight eights capture the spirit of tranquility with the carefree design of butterflies flying peacefully over the crystal garden. Two hundred and eighty-eight is a gift design of kindness consisting of a circle of roses, symbolizing unity with the Front, which extends its hand as an expression of kindness. Another 288 is Wonder's gift design, which consists of a starburst with a face on it, that evokes wonders. The 2008 triangles are diamond-cut gift designs on both sides of crystal columns to represent the inner characteristics of determination, courage and spirit needed to overcome adversity. The remaining 1,248 triangles are gift designs of imagination, with intricate wedge cuts that illuminate each other, stimulating our imaginations. The 2,688 Waterford crystal triangles are bolted to 672 LED modules and attached to the ball's aluminum frame. Each LED module contains a total of 8,064 LEDs, including 12 red, 12 blue, 12 green, and 12 white. The ball can display palettes of more than 16 million vibrant colors and billions of patterns, creating a stunning kaleidoscope effect atop One Times Square.Here's the history of the New Year's Eve Ball, also according to the Times Square Alliance: The first Times Square New Year's Eve celebrations were held in 1904.The first New Year's Eve ball had seven versions of the ball lowered from the top of one Times Square in 1907. The first was made of iron and wood and weighed 700 pounds and was covered with 100 light bulbs. In 1920, the 400-pound Iron Bowl replaced iron and wood balls. 1955, 150lb aluminum ball with 180 light Introduced. In 1995, aluminum balls connected with aluminum skin, rhinestones and computer controls. In 1999, the New Year's Eve ball was created for the new millennial year. In 2007, LEDs replaced light bulbs, and in 2008, a permanent big ball was unveiled atop One Times Square, glistening over Times Square all year round.
